Solar EPC Company | Andhra Pradesh & Telangana

Engineering · Procurement · Construction · Operations & Maintenance

ABOUT US

SOLARFI Private Limited is a professionally managed Solar EPC (Engineering, Procurement & Construction) company delivering reliable, cost-effective, and high-performance solar power solutions across India. We provide end-to-end solar services for Residential, Commercial, Industrial, Institutional, and Government sectors managing every stage from initial concept through to commissioning and long-term maintenance.

With over 16 years of hands-on industry expertise and a proven track record of 100+ successfully executed solar projects, SOLARFI has earned its position as a trusted solar solutions provider across Andhra Pradesh and Telangana. Our project portfolio spans residential rooftop systems to large-scale commercial and industrial solar power plants.

SOLARFI holds Official Vendor status for both Andhra Pradesh and Telangana, fully authorized to execute government-supported and subsidy-linked solar projects in compliance with MNRE guidelines, DISCOM regulations, and state renewable energy policies including the PM Surya Ghar Yojana rooftop solar subsidy programme.

AT A GLANCE

Industry	Solar EPC - Engineering, Procurement & Construction
Experience	16+ Years of Solar Project Execution
Projects Delivered	100+ Across Residential, Commercial, Industrial & Government Sectors
Vendor Status	Official Empanelled Vendor — Andhra Pradesh & Telangana
Compliance	MNRE, DISCOM, PM Surya Ghar Yojana
Location	Pulivendula, Andhra Pradesh
Phone	+91-7358258385

Solar EPC - Turnkey Solutions

We deliver complete turnkey Solar EPC services, providing a single point of accountability from feasibility through commissioning:

- Site Survey & Feasibility Analysis
- System Design & Engineering (AutoCAD PV Layout & Energy Yield Analysis)
- BOQ Preparation & Cost Optimisation
- Procurement of Tier-1 Solar Equipment & Materials
- Installation, Testing & Commissioning
- Net Metering Documentation & DISCOM Approvals
- Operation & Maintenance (O&M) Services & AMC

Technical Expertise

- Solar PV System Design & Engineering
- DC/AC Cabling & Protection Systems
- Earthing & Lightning Protection
- Inverters, Modules, Mounting Structures & BOS Integration
- Hybrid & Battery Backup Solutions
- Performance Monitoring & Troubleshooting
- MNRE / PM Surya Ghar Scheme Compliance

Sales & Client Support

- Technical Consultation & Proposal Preparation
- ROI & Cost-Benefit Analysis
- Transparent Pricing & Project Planning
- Vendor & Supply Chain Management
- Post-Installation Support & Annual Maintenance Contracts (AMC)

PROJECT EXECUTION CAPABILITY

Sectors Served

- Residential Communities
- Commercial Establishments
- Manufacturing & Industrial Facilities
- Educational Institutions
- Hospitals & Healthcare Facilities
- Warehouses & Logistics Parks
- Government Buildings & Public Institutions
- Agricultural & Rural Applications

Executed Capacity Range

Residential 1 kW – 10 kW	Commercial 10 kW – 500 kW	Industrial Up to Multi-MW Scale

WHY SOLARFI

Official Vendor Recognition Empanelled and recognised as an official vendor for Andhra Pradesh and Telangana solar programmes, including PM Surya Ghar Yojana.	Proven Track Record Over 100 successfully executed solar projects with consistent performance outcomes and high customer satisfaction.
Experienced Leadership Backed by 16+ years of hands-on expertise in Solar EPC execution, technical design, project management, and government solar policy.	Complete Turnkey Solutions Single-point responsibility from concept to commissioning, eliminating coordination gaps and ensuring seamless delivery.
Quality & Reliability Exclusively uses high-quality, industry-standard components with strict adherence to safety practices and quality control procedures.	Timely Project Delivery Robust project management ensures on-time execution within budget, backed by strong vendor and supply chain relationships.

LEADERSHIP & MANAGEMENT

SOLARFI is led by a technically accomplished and results-driven solar professional with over 16 years of deep expertise in Solar EPC execution, PV system design, technical sales, and project management. The leadership team brings direct, hands-on experience across residential, commercial, industrial, and government solar projects guiding every engagement from concept to successful commissioning.

Core leadership competencies include:

- Solar EPC Execution & Site Management
- Technical Design & PV Engineering
- Client Relationship Management
- Government Solar Policy & Subsidy Navigation
- Net Metering & DISCOM Coordination
- O&M Strategy & Performance Optimisation

KEY CLIENTS

SOLARFI has delivered solar solutions to a distinguished portfolio of clients across diverse industries:

MEIL (Megh Engineering & Infrastructures Limited)	L&T (Larsen & Toubro)
Volvo	KCCL (Kalinga Commercial Corporation Limited)
Pasupathi Agrovet	Sarvesh Refractories
TRL Krosaki Ltd
